Wash brush holder, two-piece

The choice of perfection

easywash365+

Inclined plates:

The inclined plates help to easily place the brushes in the holder.

Flexible positioning:

The support pipe can be installed at any height and distance to the brush holder fitting the respective length of the lance.

Design
Full stainless steel

The handy easywash365+ wash brush holder for self-service car washes

- Two-piece holder for wash brush lances of various lengths
- Dimensions holder: H x W x D: 315 x 305 x 120 mm
- Dimensions support pipe: Pipe Ø 42 mm / base Ø 102 mm, height adjustable from 570 to 1,000 mm
- High-quality design, stainless steel plate with a thickness of 2 mm

Opening in holder for cleaning purposes:

Through an opening at the side, the brush can be cleaned using the high-pressure lance to remove coarse dirt before applying foam. This is possible without having to remove the brush lance from the holder.

Adjustment: By means of a threaded pin (stainless steel) with hexagon socket, the perfect working height of the brush holder can be adjusted for the respective user.

Drain: The drain in the middle prevents heavy dirt from depositing in the holder.

Holder: The wash brushes placed in the holder (bristle length 60 to 90 mm) do not touch the base of the holder.
